WHITE RIVER DAM COMPLETED.

Arkansas Will Celebrate the Event Tuesday, November 18.

REPUBLIC SPECIAL.

Batesville, Ark., Nov. 8.—The citizens of Batesville and vicinity have arranged to celebrate the completion of the White River Dam No. 1 on White River, by appropriate ceremonies, held at a banquet and banquet on Tuesday, November 18. A number of railroad officials, the Arkansas delegation in Congress and other prominent people of this and other States have been invited. The railroads have given a one-fare rate for the occasion from St. Louis, Memphis and Little Rock and all intermediate points.

Look and Dam No. 1 is the first of a series to be built by the United States Government on White River from this point up, for the purpose of providing black water navigation all the year round, and when the system is completed it will open up the richest mineral fields in the world. The White River Railroad is also being built from this place up White River.

W. H. Bailey Dead.

Louisville, Ky., Nov. 8.—William H. Bailey, a prominent turfman and horse breeder, died here to-day of apoplexy.

BOUND HAND AND FOOT

With muscles drawn and throbbing with pain, and the joints swollen, stiff and tender, the rheumatic patient is as helpless and dependent as though bound hand and foot. No disease causes such intense suffering, such excruciating, sharp, nerve-racking pains as Rheumatism, this unfeeling monster, unless checked, crushes the strength and hope of its victims.

When the system becomes infected with Uric Acid and other like poisons they are absorbed into the blood and lodged in the muscles, joints and nerves. Then with the suddenness of an electric shock, pains begin to shoot through the muscle or joint affected, which often swells and inflames, and becomes tender, feverish and sore. Unless treated through the blood Rheumatism grows steadily worse, finally ending in shrunken muscles, immovable joints, shaky nerves, and the invalid's chair or crutches. The cure of Rheumatism can never be complete or permanent until the acid blood has been purified and the system cleansed of all poisonous matter. S. S. S. does this promptly and surely, because it is a perfect blood medicine, and an antidote for the irritating acids that cause Rheumatism.

S. S. S. purifies and invigorates the polluted, stagnant blood, and when a free, healthy circulation is again established, the gritty, corroding particles are washed out of theaching muscles and joints, and the loughed for relief comes at last, and the cure is permanent because the cause has been removed and nothing remains in the blood and system to produce another attack.

Write for our special book on Rheumatism. Medical advice costs you nothing.

SON SLAYS EMPLOYEE WHO ATTACKED HIS MOTHER.

San Francisco Man Fatally Wounded After Fight With a Youth—Robert Hillen Tells How Mrs. Hillen Was Beaten Into Insensibility by Otto R. Hellwig and of the Shooting Which Followed.

front door. He started after me, and my mother followed a few feet behind him. ATTACKED MRS. HILLEN. "Suddenly he turned on her, knocked her down and continued beating and kicking her. I tried to protect her, but was exhausted and could do nothing. Finally I drew the revolver and said: 'Otto, if you don't leave my mother alone I'll shoot you.' "Hellwig turned on me and we grappled. I had the revolver in my hand and he was trying to get it away from me. We struggled out to the sidewalk and the pistol was discharged twice. "He let go his hold on me and fell on his back on the sidewalk. I went back and carried my mother into the back part of the saloon and then helped to carry Hellwig's body in."

Young Hillen showed no signs of a struggle beyond a bad bite on the tip of one finger, and the shot that killed Hellwig must have been fired at distance of three feet or more, for the white skirt showed but slight powder marks around the bullet hole.

Mrs. Hillen was so badly injured that she could give no statement beyond the declaration that Hellwig had beaten her while he was drunk.

Hillwig's parents, who live at Black Point, Marin County, were notified of the tragedy.

IRISH LEAGUE WILL MEET.

Conditions in Ireland to Be Discussed Wednesday Night.

The St. Louis and East St. Louis branches of the United Irish League of America will hold a general meeting and reunion next Wednesday evening at the hall of the Wolf Tone Branch, Coleman and North Market streets. John P. Leahy, president of the St. Louis and East St. Louis Central Council, and national committee man, will preside. The speakers will be Edward Devlin, chairman of the Devlin-Dillon Reception Committee, T. A. Rice, who has recently toured Ireland, and James Lydon.

The object of the league will be explained, and Ireland, her condition today, her needs and necessities, will also be the subject of discourse. The arrest of William Redmond, his conviction and sentence to six months' imprisonment without trial by jury, has caused a new wave of indignation to sweep over local Irish circles.

The league hopes to the support of Irishmen, at home and abroad, to lay the grievance before the English Parliament in such a way as to accomplish their desired end.

Another purpose of the meeting is to arouse enthusiasm among the local Irish in the coming reception of Michael Davitt, the Irish writer and friend of the poor, cause, and John Dillon, member of Parliament. They will visit St. Louis the latter part of this month. The committee appointed at the meeting held in the Southern Hotel last Wednesday, have secured the Music Hall for the public reception to be held Thanksgiving day, November 27.

FOUND INFANT IN BAGGAGE. Dressed in Expensive Clothes and Tucked in a "Telescope." Chicago, Nov. 8.—Carefully tucked into a new "telescope" bag and dressed in expensive clothing, a baby only a few days old was found to-day at the Dearborn Station in a pile of baggage taken from a Monon train. No claimant appearing for the baggage, it was opened and the sound asleep, was discovered by the astonished depotmaster. The infant was taken to St. Vincent's Orphanage.

The trainmen think the child was put aboard at a nearby Indiana station, as he had not been crying and showed no evidence of being drugged. A small hole had been cut in the bag to admit air.

STRICTURED, Weak, Wasting, Despondent, CURED Last Year.

Startling Record of "Gran-Solvent."

Dissolves Stricture like snow beneath the sun, reduces ENLARGED PROSTATE, contracts and strengthens the Seminal Ducts, stopping drains and emissions IN 15 DAYS.

No Drugs to Ruin the Stomach, but a Direct, Local and Positive Application to the Entire Urethral Tract.

GRAN-SOLVENT IS THE WONDER OF THE CENTURY.

GRAN-SOLVENT is not a Liquid. It is prepared in the form of Crayons or Pencils, smooth and flexible, and so narrow as to pass the closest Stricture.

Showing the diameter of the St. James Crayons, containing the solvent "Gran-Solvent" or tonic "Cicovine" or both in combination. THEY ARE PREPARED IN VARIOUS LENGTHS TO SUIT THE PATIENT'S CONDITION, are inserted into the urethral canal upon retiring at night, and are removed without the slightest effort, requiring three hours to dissolve, are safely soluble and act like a mild electric current, increasing and improving vim and snap to the entire body. The curative effect is felt from the first application.

The great virtue in the method of application is its direct and positive action. No vile, drastic drugs to ruin the stomach and digestive system. The Crayons are inserted upon retiring at night, dissolving by the heat and secretions of the body in three hours, which is sufficient time to penetrate and dissolve Stricture, dissolving the granular mass root and branch, together with the false membrane upon which it forms, thoroughly neutralizing the

Prostate Gland, Reducing Enlargement and contracting the Seminal Ejaculatory Ducts, forever stopping drains and emissions, curing while you sleep, without pain or inconvenience, IN FIFTEEN DAYS.

The alternative and antiseptic action of "Gran-Solvent" asserts itself in destroying Gonorrhea and the germs that infect the Bladder and Prostate Gland.

During the past year 20,468 weak, strictured, wasting, and despondent men, who had given up all hope of cure, were cured by "Gran-Solvent," and began life anew with fresh vigor, full of strength and the consciousness of restored manhood. Under the influence of this sovereign solvent Stricture dissolved and disintegrated in 15 days, no matter how old, tough or calloused it has become.

From time immemorial cutting and dilating have filled the urethra with the most painful and dangerous Stricture, and yet there has never been one cure by such savage methods. The eagerness with which medical men are applying for this Solvent is an open confession of their error in the past. Over 800 leading physicians in the United States and Canada have analyzed and pronounced "Gran-Solvent" as "Gran-Solvent" in their practice as a humane and unfeeling agent.

Varicocele. Varicocele is an accumulation of sluggish blood in the veins of the scrotum due solely to imperfect circulation, and has its origin in a diseased and torpid Prostate Gland. Operations in this disease are only temporary, and no mechanical device yet discovered has cured a single case. Gran-Solvent heals the Prostate and restores healthy circulation. Varicocele disappears and the sluggish accumulation is replaced by pure, healthy, red blood.

girl for a wife for many years and had finally failed. He was quick to respond to find a Kansas wife before the inaugural day if the convention would name him for Governor, but he was selected for second place and now claims he is not bound by that promise. Governor-elect Bailey's mother died two years ago and he has no sister to preside of the Executive Mansion. The politicians are worrying over the matter.

The last session of the Legislature provided for the erection of an Executive Mansion. A home for the Governor costing over \$70,000 is one of Topeka's attractions. The Four Hundred of this town expect to see the new Governor perform many functions at the Executive Mansion, but if he refuses to get married and makes of this new mansion a kind of bachelor's home and rendezvous for Kansas politicians, which it is feared he will do, the smart set of Topeka will enter a protest that will be heard from New York to San Francisco.
